

Student Technology Loan Agreement

Purpose

Aurora College is committed to supporting student learning experiences within a highly functioning environment. Our classrooms are reliant on a range of leading-edge technologies from devices to cloud services. We will work with Partner Schools to ensure students have access to suitable technology for Aurora College classes. The Technology Loan Agreement outlines the rights and responsibilities of students in relation to use of Aurora College devices for use in their Aurora College studies.

Aurora College cannot guarantee quality of service for devices not managed through regular processes by the NSW DoE. Suitable technology has been made available for students of Aurora College to connect to Adobe Connect Virtual Classrooms by arrangement with the Partner School.
